ANNUAL PERSONNEL REPORT
&
ADVISORY RECOMMENDATION

September 1, 2017

Arizona Department of Public Safety

“Courteous Vigilance”

Annual Report on Personnel and Compensation

September 1, 2017

INTRODUCTION

Arizona Revised Statute 41-751 (D) requires the Department of Public Safety to prepare an advisory recommendation on salaries of its personnel. The recommendations for fiscal year 2018 support several compensation objectives essential to maintaining the current service levels provided to the citizens of Arizona. The objectives include:

- Narrow the difference in compensation between Department personnel and overall public and private labor markets in Arizona in an effort to become a competitive employer.
- Reduce the costly effects of turnover by providing monetary incentives that encourage employees to remain in State service.
- Retain sufficient personnel to provide ethical, effective, efficient, and customer-oriented state-level law enforcement services to the citizens and visitors of Arizona as outlined in the Department’s mission.

Recruiting and retaining the most highly qualified employees for the Department of Public Safety are critical to these objectives. Research and surveys confirm Department employee salaries are still well below their market competitors and continue to fall further behind.

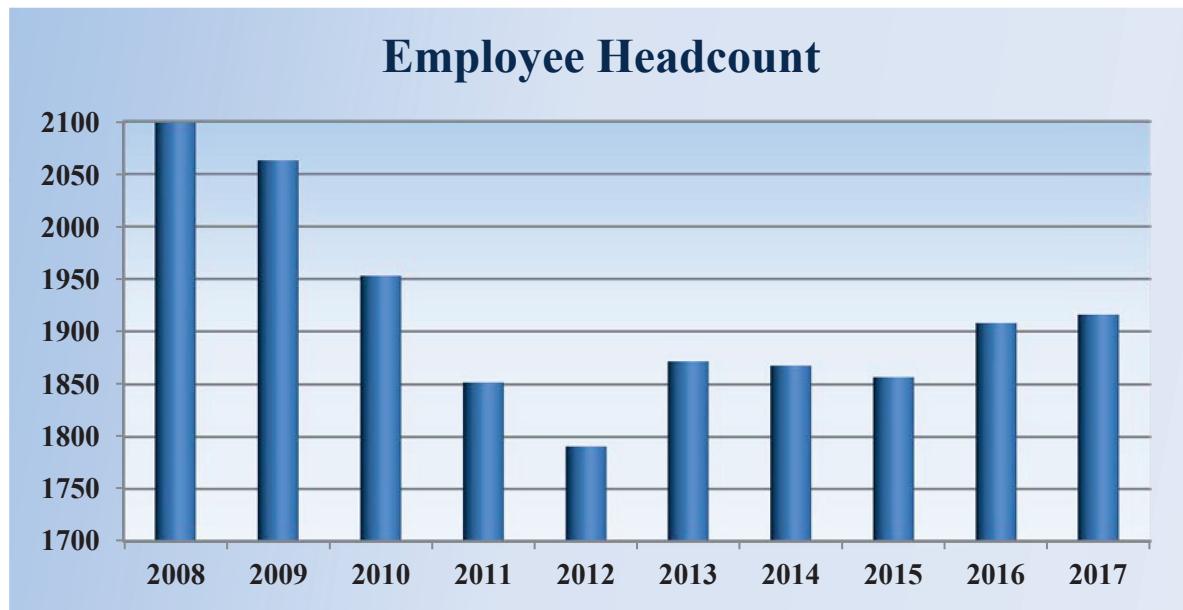

CURRENT STATUS

As of July 1, 2017, there were 1,916 full-time employees with the Department of Public Safety of which 1,162 (61%) were sworn and 754 (39%) were professional staff (civilian).

Based on the most recent salary survey conducted in August 2017 (see Appendix A for this survey of 43 law enforcement agencies statewide), the average DPS sworn salary is 21.2% behind market competitors.

There was a 3% Salary Adjustment for professional staff personnel effective FY 2018. The salary survey conducted in August 2017 on a sampling of professional staff classifications within different job families shows that professional staff salary levels would currently require an average increase of 19.4% to reach their market competitors (see Appendix B).

Due to salary levels, the Department is having significant difficulties filling a number of critical positions in Information Technology, Telecommunications, and Operational Communications that have become vacant. The Department is continuing efforts to employ new State Troopers to reduce the 13% vacancy rate in the Highway Patrol Division.

TURNOVER

In FY 2017, the Department experienced a turnover rate of 6.5% for sworn personnel and 10.9% for professional staff. There were 158 employee separations from the Department, including retirements, of which 80% were regrettable attrition (see Appendix C).

There were 76 separations of sworn personnel during the fiscal year, of which 36 (47%) were a result of retirement. The sworn regrettable attrition rate was 78%. The professional staff regrettable attrition rate was 82%; of the 82 separations during the fiscal year, 18 were retirements.

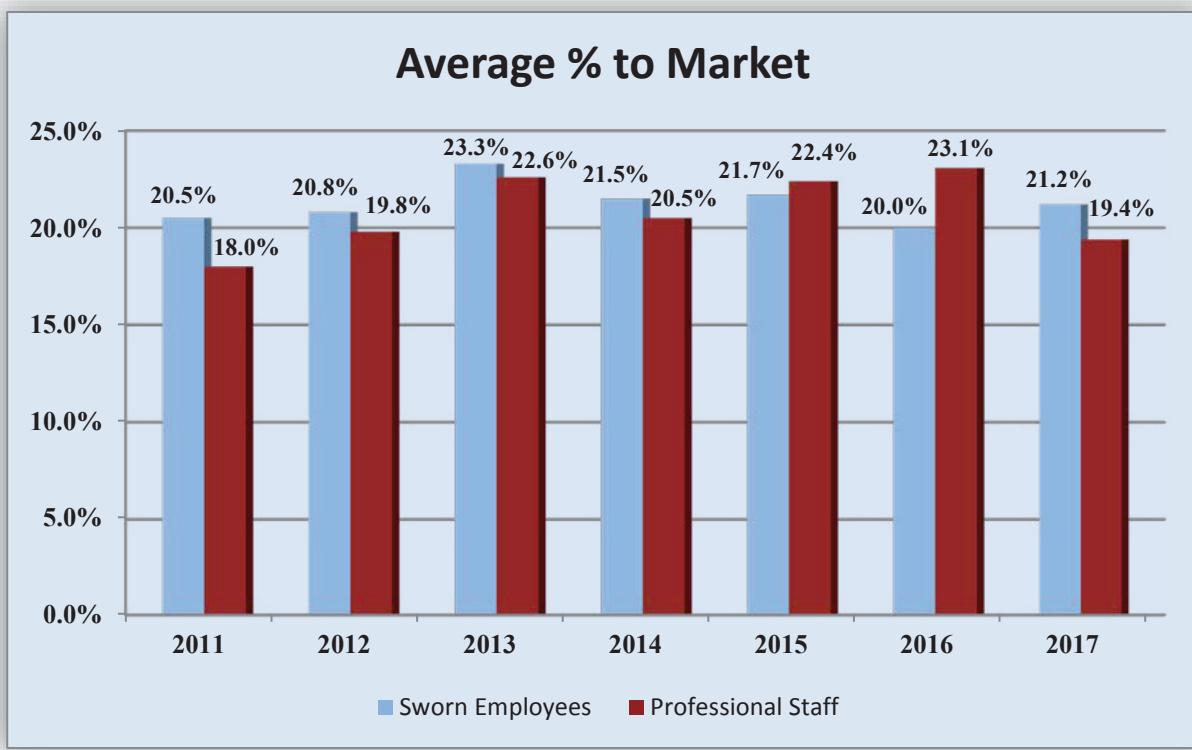

Public safety services have a significant impact on the welfare of the State and its citizens, requiring employees to have a considerable amount of training, knowledge, and experience. The experience required to become fully proficient normally takes employees three to five years to acquire. During this past year, employees with more than three years of employment represented 47 (45%) of all non-retirement separations, thus requiring the Department to rely on a less-tenured employee population to service the growing and diverse needs of the State. The retention of experienced employees continues to be of significant concern to the Department and will require additional resources to reverse this trend, promote internal equity, and to meet the staffing needs of the Department.

COMPENSATION

The Department's sworn employees received a 3% adjustment for FY 2017 and the 2% GSA effective for FY 2015. However, base compensation was reduced by 2.75% with the loss of performance pay in FY 2011, while the sworn salaries of competing agencies around the State, especially in the Phoenix Metro area, continued to increase during that time period. DPS sworn salaries would need an average increase of 21.2% to reach market in terms of base pay. As shown in Appendix D, the cost to bring sworn salaries to market levels in FY 2018 is \$34.2 million.

The Department's professional staff received a 3% salary increase for FY 2018. Prior to that 3% adjustment, all professional staff employees had not seen a salary increase since the 2% GSA effective FY 2015. As with all State employees, compensation was reduced by 2.75% in FY 2011 with the elimination of performance pay. The Department estimates professional staff would need an average salary increase of 19.4% to achieve market pay. As shown in Appendix D, this increase would cost a total of \$9.2 million in FY 2018.

OVERTIME

During the Great Recession (2007 – 2009), the DPS overtime budget was reduced by 50%. Given the current sworn and professional staff salary base, the Department would require an additional \$11.9 million (including Employee Related Expenditures) in FY 2018, after the appropriate market salary adjustments, in order to reach an industry average overtime budget of 4.8% of total payroll.

CONCLUSION

DPS continues to struggle to pay competitive salaries. Department pay is consistently about 20% behind the compensation objective, causing difficulties in hiring and retaining employees to accomplish our mission. In the long-term, DPS seeks the ability to make small, regular adjustments to employee pay. In the short-term, the Department is hopeful that the State can provide a modest pay adjustment to prevent salaries from falling further behind.

APPENDIX D

Current Cost to Bring DPS Pay to Compensation Objective		<u>FY 2018</u>
Professional Staff Salaries ^{1/}		\$ 7,569,400
Employee Related Expenditures (22.12%)		<u>1,674,100</u>
Subtotal - Professional Staff Pay		\$ 9,243,500
Sworn Salaries ^{2/}		\$ 16,853,000
Employee Related Expenditures (102.86%)		<u>17,335,000</u>
Subtotal - Sworn Pay		\$ 34,188,000
Overtime		\$ 6,108,600
Employee Related Expenditures (94.69%) ^{3/}		<u>5,784,200</u>
Subtotal - Overtime ^{4/}		\$ 11,892,800
TOTAL		<u>\$ 55,324,300</u>

^{1/} Current DPS professional staff salaries require an estimated average increase of 19.39% to achieve the Department's compensation objective.

^{2/} Current DPS sworn salaries require an estimated average increase of 21.19% to achieve the Department's compensation objective.

^{3/} Employee Related Expenditure rate represents a blended rate between professional staff and sworn rates based on assumed usage of overtime.

^{4/} The amount necessary to bring the overtime budget to an industry standard of 4.8% of total payroll (after market salary adjustments).
