Initial Access & NCJA Compliance Training: On-site and Online

All new agencies are required to have at least one representative attend Initial Access & NCJA Compliance Training prior to submitting any fingerprint cards. This training is not required for existing agencies; however, it is recommended if an agency has experienced personnel turnover or agency personnel wish to attend a refresher in order to ensure compliance with current requirements. The persons who attend training should be prepared to share the information learned with other relevant user agency personnel. This training is for the Agency Security Contact and agency trainers – this is NOT the training which is required for all agency Authorized Personnel. Authorized Personnel training requirements are explained in the class. This class is also offered through our WebEx Online Training.

Initial Access & NCJA Compliance Training lasts approximately three hours and covers the basic rules in this guide and provides information on the following:

- How to properly fill out the information on a fingerprint card and inventory sheet.
- Fingerprint submission packet requirements, including fees.
- How to read and interpret criminal justice information/criminal history record information.
- Complying with state and federal requirements associated with noncriminal justice fingerprint criminal history checks
- Outlines the Agency Security Contact's role as the primary user agency liaison and provides guidance regarding user agency regulatory compliance and required documentation.
- Basic privacy and security guidelines for the access, use, handling, and destruction of criminal history record information.
