This examination consists of 50 multiple-choice questions, all equally weighted.

Qualifications Appraisal Board (QAB)

Weight = 60%

Pass = 70% or better

The QAB is an oral board examination. Unlike a job interview, the QAB is very structured with a panel of board members taking turns asking applicants a set number of questions. The same questions are asked of each applicant participating in the QAB evaluation process for the open position. Since this is an examination, panel members are not allowed to ask clarifying or follow-up questions of the applicants.
