

**FORENSIC SCIENTIST III - (DNA)**  
**Selection Process I.D.#**  
**6417/DNA/0823**

**EXAMINATION PLAN**

- I. Written Examination**  
Multiple choice 40 items  
Weight = 40%  
Pass = 70% or better  
Time Limit = 1 hour

<u>CONTENT AREA</u>	<u># OF ITEMS</u>	<u>PERCENTAGE</u>
Principles of DNA*	40	100

*\*This examination includes general laboratory procedures, serology principles and the principles of DNA. This examination covers PCR analysis methodology.*

**This examination consists of 40 multiple choice questions, all are equally weighted.**

**II. QUALIFICATIONS APPRAISAL BOARD (QAB)**

- Weight = 60%  
Pass = 70% or better

The QAB is an oral board exam. Unlike a job interview, the QAB is very structured with a select number of board members taking turns asking a set of structured questions. The same questions are asked of each candidate participating in the QAB for the open position. Clarifying questions are not permitted by the candidate or the panel members.
