STUDENT TRANSPORTATION ADVISORY COUNCIL COMMITTEE / WORKING GROUP APPLICATION

The Arizona Student Transportation Advisory Council was established to advise and assist the Arizona Department of Public Safety in developing the Arizona school bus regulations, to recommend curricula for school bus driver safety and training courses, and to advise and consult with the Department concerning matters related to the certification of school bus drivers and the safety of school buses. In fulfilling those roles, the Student Transportation Advisory Council may establish committees and working groups to study relevant issues and provide recommendations. Individuals who are interested in being considered by the Student Transportation Advisory Council for participation in any committees and working groups can complete and submit this form. The Department will maintain all forms received and will provide them to the Student Transportation Advisory Council upon their written request. All forms will expire and be purged after December 31st of each year.
