

**NOTICE OF PUBLIC MEETING
ARIZONA SEX OFFENDER MANAGEMENT BOARD
JUVENILE GUIDELINES AND STANDARDS SUBCOMMITTEE**

Pursuant to Arizona Revised Statutes (A.R.S.) § 38-431.02, notice is hereby given to the members of the **Arizona Sex Offender Management Board Juvenile Guidelines and Standards Subcommittee** (the “Subcommittee”) and to the general public that the Subcommittee will hold a meeting, open to the public, on **July 30, 2026**.

The **July 30, 2026**, Subcommittee meeting will be a hybrid access meeting. This means that the public has the opportunity to participate in person or virtually. Information on how the public may attend is outlined below.

Please note the location of the **July 30, 2026**, Subcommittee meeting:

Thursday, July 30, 2026 1:30 p.m. – 3:30 p.m.
Arizona State Capitol
1700 West Washington Street (**Second Floor** Conference Room)
Phoenix, Arizona
Virtual Meeting Access: Microsoft Teams Meeting: [Join](https://teams.microsoft.com/meet/23158523762443?p=dKgMemtt1Rj7SSp3Lk)
<https://teams.microsoft.com/meet/23158523762443?p=dKgMemtt1Rj7SSp3Lk>

Meeting ID: 231 585 237 624 43
Passcode: gS6DK7xH
Dial in by phone: [+1 480-536-7328,,823146187#](tel:+14805367328823146187)
Phone conference ID: 823 146 187#

The boardroom will be open to members of the public at 1:15 p.m.

A copy of the meeting agenda is attached. The Subcommittee reserves the right to change the order of items on the agenda.

Pursuant to A.R.S. § 38-431.02(H), the Subcommittee may discuss and take action concerning any matter listed on the agenda.

Pursuant to A.R.S. § 38-431.03(A)(2), the Subcommittee may vote to convene in executive session, which will not be open to the public, for discussion or consideration of records exempt by law from public inspection.

Pursuant to A.R.S. § 38-431.03(A)(3), the Subcommittee may vote to convene in executive session, which will not be open to the public, for legal consultation and advice concerning any item on the agenda.

Persons with a disability may request reasonable accommodation, such as a sign language interpreter, by contacting Ms. Ashlesha Naik at 602-223-2611 or via email at AZSOMB@AZDPS.GOV. Requests should be made as early as possible to allow time to arrange the accommodation(s).

DATED AND POSTED this 23rd Day of July 2026.

By **Jenna G. Mitchell**
Major Jenna G. Mitchell
AZSOMB Program Manager

**ARIZONA SEX OFFENDER MANAGEMENT BOARD
JUVENILE GUIDELINES AND STANDARDS SUBCOMMITTEE
THURSDAY, JULY 30, 2026
Regular Session**

1:30 PM

ALL ITEMS ON THIS AGENDA ARE OPEN FOR DISCUSSION AND POSSIBLE ACTION, INCLUDING REPORTS AND ACTION ITEMS.

THE AGENDA AND BACKGROUND MATERIAL ARE PROVIDED TO BOARD MEMBERS ELECTRONICALLY (WITH THE EXCEPTION OF MATERIAL RELATING TO POSSIBLE EXECUTIVE SESSIONS) AND POSTED ON THE ARIZONA PUBLIC MEETING WEBSITE AT <https://publicmeetings.az.gov/>. ADDITIONALLY, A HARD COPY OF THE AGENDA IS AVAILABLE AT 2222 WEST ENCANTO BLVD., PHOENIX, AZ. PLEASE EMAIL AZSOMB@AZDPS.GOV TO INSPECT THE DOCUMENTS.

REMINDER: As required by Open Meeting Law, please refrain from engaging in conversations, texts, emails and other forms of communication with individual board members. All questions, comments, deliberations and decisions should be stated to the public body as a whole in open session.

1. ROLL CALL

2. MATTERS FOR DISCUSSION AND POSSIBLE ACTION

a. Old Business:

- i. Discussion and Potential Adoption of Juvenile Guiding Principles
- ii. Discussion of Framework and Format for PsychoSexual Evaluation Reports
- iii. Discussion and review of DCS response to query raised in the April 16th 2026 Juvenile subcommittee meeting
- iv. Discussion and review of ADJC- Just the Facts publication: May 2026

b. Future Agenda Items

Presentation from AOC regarding Procurement/Contracts for Psychosexual Evaluations

- 3. THE SUBCOMMITTEE MAY VOTE TO CONVENE AND ENTER INTO AN EXECUTIVE SESSION FOR ANY REASON AUTHORIZED BY A.R.S. § 38-431.03** including personnel matters, confidential records, legal advice, litigation, contract negotiations, employee salary discussions, and international or tribal negotiations. (To do so, the public body must first vote publicly to enter executive session, specifying the reason, and no legal action or final decisions can be made during the session. All motions and voting must be conducted after return to the public session.)

4. ADJOURNMENT

NEXT MEETING: August 27, 2026, 1:30 p.m. - 3:30 p.m.

BACKGROUND MATERIAL

AZSOMB JUVENILE GUIDELINES AND STANDARDS SUBCOMMITTEE

July 30, 2026

DRAFT JUVENILE GUIDING PRINCIPLES

ARIZONA SEX OFFENDER MANAGEMENT BOARD

Juvenile Guiding Principles

Purpose of the Guiding Principles is to establish the core foundation principles from which the *Standards and Guidelines* are created and to provide guidance in the absence of a specific standard or guideline.

1. The highest priority of these Juvenile Standards and Guidelines is to maximize community safety through the effective delivery of quality developmentally appropriate evaluation, assessment, treatment, and management-supervision of juveniles who engage in ~~commit~~ sexually abusive behaviors.¹

2. Sexually abusive behavior ~~offenses~~ are traumatic and can have a devastating impact on the victim and victim's family.

Sexually abusive behavior ~~offenses violate victims and~~ can lead to common and serious consequences across all areas of victims' lives, including chronic and severe mental and physical health symptoms, as well as social, family, economic, and spiritual harm.² Research and clinical experience indicate that victims of sexually abusive behaviors often face long-term impact and continue to struggle for recovery over the course of their lifetime.³ The impact of sexually abusive behavior ~~offenses on victims~~ varies based on numerous factors. By ~~defining the offending behavior and~~ holding offenders accountable, victims may ~~potentially~~ experience protection, support and recovery. Professionals working with sexual offenders/juveniles should ~~be alert to how~~ offenders' understand how a juvenile's behaviors may inflict further harm on persons they have previously victimized.⁴

3. Community safety and the rights and interests of victims and their families, ~~as well as potential victims,~~ require paramount attention when developing and

ARIZONA SEX OFFENDER MANAGEMENT BOARD

implementing age appropriate assessment, treatment and supervision of juveniles who ~~have committed~~engage in sexually abusive behavior.⁵

~~When assessing the needs of a juvenile who has committed a sexual offense community safety must be achieved. Community safety includes consideration of future potential victims who could be at risk of future harm, with the understanding that effective treatment, supervision, family engagement, and developmental supports are intended to promote safety and positive outcomes for all involved. In the event of a conflict between the two, the Multi-disciplinary Team (MDT) shall~~should be used to determine how to meet the needs of the juvenile in a manner that does not compromise or negatively impact community safety.

4. Safety, protection, developmental growth and the psychological wellbeing of victims ~~and potential victims~~ is a priority for the ~~Multidisciplinary Team (MDT)~~.⁶

Victims should have an opportunity to be heard and informed when decisions pertain to their the right to safety.~~When feasible and requested, this should include the ability to be informed and to provide input to the MDT.~~

5. ~~Offense-specific~~treatment must address all types of abusive behaviors and not just the legally-defined delinquent behavior(s) for which they were adjudicated.
6. Treatment and supervision decisions should be informed by a comprehensive evaluation⁷ and ongoing assessments.⁸

It is important to understand that risk assessment measures have limitations and that findings need to be used appropriately (i.e. within the scope of their empirically established limits). The evaluation and ongoing assessment of juveniles who have ~~committed engaged in sexually abusive behaviors offenses~~ is a process. Ongoing assessment must constantly consider changes in the juvenile, family and community in order to make decisions concerning restrictions, ~~intensity of supervision~~ levels,

ARIZONA SEX OFFENDER MANAGEMENT BOARD

placement, treatment and opportunities for positive growth and development of juveniles.

7. Risk assessment of juveniles who have ~~committed-engaged in~~ sexually abusive behaviors ~~offenses~~ should be based on an empirically supported protocol.⁹

The risk assessment protocol, including the selection of instruments, should be tailored to the unique characteristics of the juvenile. A juvenile's level of risk should not be based solely on the ~~sexually abusive behavior for which they are offense(s) of adjudication~~ adjudicated/deferred judgement. ~~Other assessments designed to assess matters of general elinquency should also be considered.~~

8. A ~~multidisciplinary team~~ MDT will be convened, and is responsible for ~~the post-disposition~~ evaluation, treatment, care and supervision of juveniles who ~~commit engage in sexually abusive behavior-offenses~~.¹⁰

The adoption of these standards and guidelines ~~significantly improves~~ will support public safety outcomes when all agencies and parties are working cooperatively and collaboratively. ~~Further, the Juvenile Court is an essential partner within the MDT framework and contributes to coordinated treatment, supervision, accountability, and rehabilitation efforts through judicial oversight and decision-making authority established by law. In Arizona, juvenile courts may utilize specialized court models and oversight practices that support treatment engagement, family involvement, community safety, and positive long-term outcomes for juveniles.~~

9. Treatment and supervision decisions should be guided by ~~available~~ current research and best practice.

Research with this population continues to emerge, ~~which may leading~~ to changes of these Guiding Principles ~~and Standards~~. In the absence of research, decisions should be made cautiously and in accordance with best practices to minimize unintended consequences.

10. Treatment and supervision should be individualized, developmentally appropriate, and responsive ~~based onto~~ the juvenile's ~~assessed~~ risks and needs.¹¹

ARIZONA SEX OFFENDER MANAGEMENT BOARD

Juveniles who ~~commit-engage in~~ sexually abusive behavior-offenses vary in ways such as; age, development, gender, culture, background, strengths, protective factors, and their presenting pattern(s) of offending-sexually abusive behaviorand numbers-of victims.

11. Evaluation, ongoing assessment, treatment and supervision of juveniles who have ~~committed-engaged in sexually abusive behavior-offenses~~ should be non-discriminatory, humane and bound by the law and applicable professional code of ethics ~~and law~~.¹²

Professionals responsible for the evaluation, assessment, treatment, and supervision of juveniles who have ~~committed-engaged in sexually abusive behavior-offenses~~ must not discriminate based on race, religion, gender, sexual orientation, disability or socio-economic status. Juveniles ~~who have committed sexual offenses~~ and their families shall be treated with dignity and respect by all members of the ~~multidisciplinary team~~MDT.

12. Assessment of ~~the degree of progress in~~ treatment progress should be based on the juvenile's application of relevant changes in their daily functioning.¹³

Treatment should include measurable outcomes that will demonstrate progress and successful completion of treatment.

13. Treatment should be holistic and enhance overall health and protective factors.¹⁴

~~Many juveniles who commit-engage in sexually abusive behavior-offenses may present other co-occurring issues have multiple problems~~ and areas of risk. Research indicates that juveniles are at greater risk for non-sexual re-offenses than for sexual re-offenses.¹⁵ Assessment and treatment must-plans should be comprehensive, trauma informed, and mitigate the risk of both sexually abusive behavior and other delinquent behavior while address areas of strengths, risks and deficits to increase the juvenile's abilities to be successful and to decrease the risks of further abusive or criminal behaviors. Treatment plans should specifically address the risks of further sexual offending, other risks that might jeopardize safety and successful pro-social functioning.¹⁶ ~~Treatment plans should also reinforce-reinforcing~~ developmental and environmental assets.

ARIZONA SEX OFFENDER MANAGEMENT BOARD

14. **Evaluation, Assessment, treatment and supervision should be viewed through an ecological framework of Development.**¹⁷

Assessment and intervention with a juvenile who has ~~committed-aengaged in~~ sexually abusive behavior offense recognizes the nature of adolescent development and the dependence on and influence by social-ecological factors, including family, peer group, community and school. This focus seeks to decrease risk factors and increase protective factors in the juvenile's ecology.

The individualization of evaluations, assessment, treatment and supervision requires particular attention to social and cultural factors. Recognition of these factors are essential when interacting with clients from different social, cultural, and religious backgrounds. A basic premise is to recognize the client's culture, your own culture, and how both affect the client-provider relationship. This premise extends to all professional members of the MDT and positive support persons and is essential in creating an equitable and inclusive environment regardless of differences in culture or lifestyle.

15. **Family members/Primary Caregivers should be considered an integral part of evaluation, assessment, treatment and supervision.**¹⁸

The families'/primary caregivers' abilities to provide informed supervision and support positive changes are critical to reducing risk of re-offense.

Cooperative involvement with family members/primary caregivers enhances juvenile's prognosis in treatment. Family members/primary caregivers possess invaluable information about the juvenile who has ~~committed-aengaged in~~ sexually abusive behavior-offense. Family members can be an important part of the juvenile's support system through the course of treatment and supervision.

Conversely, non-cooperative family members may impede the juvenile's progress.¹⁹ It is expected that the MDT will work with the family/primary caregiver to help them support the juvenile through cooperative involvement.

16. **Treatment and supervision decisions regarding juveniles who have ~~committed engaged in~~ sexually abusive behavior-offenses should minimize caregiver disruption and maximize exposure to positive peer and adult role models.**

ARIZONA SEX OFFENDER MANAGEMENT BOARD

As juveniles move through the continuum of services emphasis should be given to maintaining positive and consistent relationships, including both in and out of a school setting. Research indicates that association with delinquent peers, the absence of pro-social adult role models, and the disruption of caregiver relationships increase the risk of delinquent development.²⁰

17. A continuum of care for treatment and supervision options should be available and utilized as needed.²¹

Decisions about level of care and supervision are informed by the youth's risk and need, taking into consideration the least restrictive environment while prioritizing community safety. Adjustments in the level of treatment and supervision should be made based on changes in risk and need, and continuity of services across these levels of care should be ensured. Whenever possible, priority should be given to the juveniles residing with their families or within the community in which their family resides.

18. For juveniles who have been removed from the home family reunification can only occur after careful consideration of all the potential risks.²²

The ability of parents to provide informed supervision in the home must be assessed in relation to the ~~particular-presenting~~ risks of the juvenile. Reunification of the juvenile with the family should occur only after the parents/primary caregivers can demonstrate the ability to provide protection and support of the victim(s) and other children in the home, as well as address the needs and risks of the juvenile.

19. Juveniles shall not be labeled as if their sexually ~~abusive~~ offending behavior defines them.²³

It is imperative in understanding, treating and intervening with juveniles who ~~commit engage in~~ sexually ~~abusive behavior offenses~~ to consider their sexual behavior in the context of the many formative aspects of their personal development. As juveniles grow and develop their behavior patterns and self-image constantly change. Research suggests that most juveniles will not go on to offend sexually as adults.²⁴ Not all

juveniles who have engaged in sexually abusive behavior require extensive or intensive interventions in order to reduce their risk for reoffending because identity formation is a significant developmental task during adolescence, labeling juveniles based solely on sexual offending behavior may cause potential damage to long-term pro-social development.

20. Successful completion of treatment and supervision depends upon a juvenile's willingness and ability to cooperate. Accordingly, members of the MDT should employ practices designed to maximize the juvenile's participation and accountability.²⁵

AZSOMB JUVENILE GUIDELINES AND STANDARDS SUBCOMMITTEE

July 30, 2026

DCS RESPONSE TO SUBCOMMITTEE QUERY

From: Pawlowski, Nicolas [REDACTED]
Sent: Thursday, June 18, 2026 3:39 PM
To: Arizona Sex Offender Management Board
Subject: DCS response to Juvenile Subcommittee inquiry

Categories: Juvenile Guidelines and Subcommittee Background Material

To whom it may concern,

At the 4/16/2026 AZSOMB Juvenile Subcommittee meeting, it was requested that DCS attempt to provide a number of how many juveniles in DCS' legal custody have a "sexually maladaptive behaviors" (SMB) designation, but which do not have any involvement with or oversight from the juvenile justice system. The stated purpose of this question was to attempt to understand how often DCS ends up being the sole agency responsible for providing treatment and oversight for these juveniles.

DCS is unable to provide an exact number of children that fit this criteria, and there are several factors that make it difficult for DCS to come up with this figure:

1. DCS does not have the ability to verify whether a child has ever been on probation. In some counties, this information can be researched using shared access portals such as JAX; however, this technology is not available statewide.
2. DCS does not have the ability to reliably pull data statewide on the amount of children in DCS custody that are or have been on probation.
3. DCS is not always aware when law enforcement is investigating a criminal matter, and DCS is not always informed of what the outcome is even when DCS does know a criminal matter is or was being investigated, particularly if DCS becomes involved and/or takes custody after the criminal investigation has already concluded.
4. DCS does not have jurisdiction to investigate sexual abuse perpetrated on a minor by another minor. DCS' scope is limited to allegations of abuse or neglect perpetrated by the adult parent, guardian, custodian, or other adult household member.

DCS has between 40 and 50 beds licensed to care for children that DCS has determined fit the SMB criteria, and those beds are not typically all filled at any given time.

ARIZONA DEPARTMENT OF JUVENILES CORRECTIONS'

JUST THE FACTS PUBLICATION: MAY 2026

PROVIDED BY JUDGE ANNA YOUNG

SECURE CARE COMMITMENT STATUS

Population by commitment status as of the last day of the month.

SECURE CARE COMMITTING COUNTY

Population as of the last day of the month.

COUNTY	MALE	FEMALE	TOTAL	PERCENT
Apache	0	0	0	0.0%
Cochise	9	1	10	6.6%
Coconino	3	0	3	2.0%
Gila	2	0	2	1.3%
Graham	4	1	5	3.3%
Greenlee	0	0	0	0.0%
La Paz	0	0	0	0.0%
Maricopa	53	3	56	36.8%
Mohave	19	1	20	13.2%
Navajo	3	1	4	2.6%
Pima	20	0	20	13.2%
Pinal	9	0	9	5.9%
Santa Cruz	3	0	3	2.0%
Yavapai	2	1	3	2.0%
Yuma	13	4	17	11.2%
TOTAL	140	12	152	100%

SECURE CARE ETHNIC DISTRIBUTION

Population as of the last day of the month.

SECURE CARE AGE DISTRIBUTION

A.R.S. 8-202 requires juvenile courts to retain jurisdiction over a juvenile who is at least 17 years old and who has been adjudicated delinquent, until the person reaches 19 years old. This requires the court to order continued services until the juvenile reaches 19 years old or services are terminated by the court. Content represents population as of the last day of the month, highlighting our Extended Jurisdiction (EJ) youth.

LENGTH OF STAY

Since July 1, 2026 (FY 2026), the ADJC released 110 youth from its population, excluding revocations, who served an average of 13.0 months.

CATEGORY	LESS THAN 6 MONTHS	6 TO 12 MONTHS	12 MONTHS OR GREATER
Released to Parole	1	30	25
Aged Out (18-19)	5	15	27
Convicted as an Adult	1	0	4
ICE Discharge	0	0	0
Recalled by Court	0	0	0
Other	1	1	0
TOTAL	8	46	56

RECIDIVISM RATES

Represents youth identified by the year they were released, who returned to custody with AZDJC or ADC following their release from Secure Care.

LENGTH OF FOLLOW-UP	NEW OFFENSES & TECHNICAL VIOLATIONS	NEW OFFENSES	SEXUAL OFFENSES
2024 Releases (12 Months)	32.7%	26.7%	0.0%
2023 Releases (24 Months)	38.8%	30.2%	0.0%
2022 Releases (36 Months)	54.1%	38.5%	0.0%

RESTORATIVE JUSTICE

Represents services provided to victims and restitution collected from youth, this month and year-to-date as of May 31, 2026.

CATEGORY	THIS MONTH	FY 26 (YTD)
Victims Registered	0	69
Victim Notifications	8	192
Victim Notification of Release	3	96
Victim Services Provided	172	1,812
Victim Restitution Collected	\$62.22	\$271.28

JUST THE FACTS

Our Vision is to make Arizona's communities safer by delivering effective rehabilitative services to the young people entrusted to our care.

AGENCY CENSUS

Population as of the last day of the month.

CATEGORY	MALE	FEMALE	TOTAL
Secure Care	140	12	152
Parole – Community Supervision	19	3	22
Parole – Interstate In	59	8	67
Parole – Interstate Out	12	0	12
Parole – Abscond / Warrant	0	0	0
Probation – Interstate Out	49	8	57
TOTAL	279	31	310

The ADJC currently supervises 31 extended jurisdiction youth. There are 24 males, and 1 females in Secure Care as well as 5 males and 1 females on Parole. Youth who are also involved with the Department of Child Safety represent 13.22% of our Secure Care and Parole population, totaling 23 youth.

SECURE CARE POPULATION TREND

Content represents a thirteen-month population trend as of the last day of the month. Data reflects a 0% change since May 2025.

SECURE CARE POPULATION DETAIL

Population admissions and releases during the month.

POPULATION AS OF APRIL 30, 2026			151
ADMISSIONS	MALE	FEMALE	TOTAL
New Commitment	4	1	5
Parole Violator	3	0	3
Re-Commitment	0	0	0
Pending Suspension/Revocation	2	0	2
TOTAL	9	1	10
RELEASES	MALE	FEMALE	TOTAL
Released to Parole	3	0	3
Aged Out (18-19)	6	0	6
Convicted as an Adult	0	0	0
ICE Discharge	0	0	0
Other	0	0	0
From Pending Sus/Rev	0	0	0
TOTAL	9	0	9
POPULATION AS OF MAY 31, 2026			152

AGENCY RISK LEVELS

Population risk to recidivate based upon the Arizona Juvenile Assessment System (AZYAS) Assessment Tool as of the last day of the month.

CATEGORY	SECURE CARE ¹		PAROLE**	
Low Risk	35	23.0%	3	13.6%
Moderate Risk	39	25.7%	13	59.1%
High Risk	78	51.3%	6	27.3%
TOTAL	152	100%	22	100%

AGENCY PRIOR SYSTEM INVOLVEMENT

The number of times a youth was involved in the juvenile justice system prior to commitment to ADJC as of the last day of the month.

REFERRALS	SECURE CARE	PAROLE
1 to 3 Referrals	29	0
4 to 6 Referrals	24	5
7 to 9 Referrals	34	7
10 to 12 Referrals	27	3
13 or More Referrals	38	7
TOTAL	152	22
ADJUDICATIONS	SECURE CARE	PAROLE
1 Adjudication	40	1
2 to 3 Adjudications	74	10
4 to 5 Adjudications	24	7
6 to 7 Adjudications	10	4
8 or More Adjudications	4	0
TOTAL	152	22

AGENCY YOUTH OFFENSE HISTORY

Most Serious Offense identifies the single most serious offense on the court order committing the youth to ADJC. Prior History accounts for all prior adjudications. Youth with multiple prior offense types are counted in each applicable category; the sum exceeds the total youth population and is excluded from the final totals.

CATEGORY	MOST SERIOUS OFFENSE		PRIOR HISTORY
	SECURE CARE	PAROLE	
Crimes Against Persons	51	3	98
Weapon Offenses	20	4	50
Drug Offenses	14	0	29
Property Offenses	50	11	119
Public Order Offenses	5	3	70
Other Offenses	12	1	130
Non-Delinquent Offenses	0	0	5
TOTAL	152	22	—

FOOTNOTES			
1. At the time this document was published, all youth may not have been assessed.			
2. A youth can meet the criteria for multiple High Profile categories. As such, the Total column reflects the number of designation reasons, not the count of High Profile youth.			
3. Youth may be enrolled in more than one program.			
4. Stages of Accomplishment – Individualized formalized treatment.			

AGENCY HIGH PROFILE YOUTH

As of May 31, 2026, 54 youth in ADJC care are designated as High Profile, accounting for 31.03% of youth in Secure Care and on Parole. This status is assigned by a multidisciplinary team of administrators and clinicians, if a youth fulfills one or more of the criteria below.

CATEGORY	SECURE CARE	PAROLE	TOTAL ²
Death of Another Person	6	0	6
Serious Injury or Disfigurement	11	0	11
Discharge of Dangerous Weapon	34	5	39
Terrorist Threat or Act	0	0	0
Sexual Assault	9	0	9
Significant Media Attention	11	0	11
Designated by ADJC Director	1	0	1

EDUCATION SERVICES
