## Training Descriptions

### **Initial Access & NCJ Compliance Training**

All new agencies are required to have at least one representative attend Initial Access & NCJ Compliance Training prior to submitting any fingerprint cards. This training is not required for existing agencies; however, it is recommended if an agency has experienced personnel turnover or agency personnel wish to attend a refresher in order to ensure compliance with current requirements. The persons who attend training should be prepared to share the information learned with other relevant user agency personnel. This training is for the Agency Security Contact and Authorized Personnel– this is NOT the training which is required for all agency Authorized Personnel. Authorized Personnel training requirements are explained in the class. This class is also offered through the Microsoft Teams application via an invite link.

#### ***Class Description***

- How to properly fill out the information on a fingerprint card and inventory sheet.
- Fingerprint submission packet requirements, including fees.
- How to read and interpret criminal justice information/criminal history record information.
- Complying with state and federal requirements associated with noncriminal justice fingerprint criminal history checks
