Colonel Frank Milstead to Governor Doug Ducey

It is my privilege to submit to you the Arizona Department of Public Safety’s (AZDPS) annual report for Fiscal Year 2018. The activities and major accomplishments contained in this report reflect the quality and dedication of the employees of the AZDPS.

While one of our primary responsibilities is patrolling the highways throughout Arizona, this report demonstrates the wide array of other comprehensive services and programs we provide for our citizens and those visiting the state. Troopers and professional staff of the AZDPS are dedicated employees who take tremendous pride in the mission of the agency. This report is a summary of our mission to improve public safety by enforcing state laws, deterring criminal activity and providing vital support to the State of Arizona and its citizens.

In the past year, AZDPS has become more efficient:

- The Licensing Unit implemented an online application and status check for private investigator and security guard licensing. Previously, applications had to be mailed or hand delivered to AZDPS.
- The Southern Arizona Crime Laboratory, located in Tucson, purchased a gas chromatograph/mass spectrometer, which is utilized for the analysis of drugs in blood or urine for DUI cases. The addition of this technology will enhance efficiency in operations and improve service to AZDPS and other agencies.
- For the first time since 1979, the Arizona Law Enforcement Academy graduated a class comprised entirely of AZDPS cadets. This special class, known as Class 500, brought 39 new troopers to AZDPS.

Thank you for your support and assistance during Fiscal Year 2018. The AZDPS will continue to strive to be a national model in the law enforcement community; driven by our dedication to professional service, our core values, and our commitment to the citizens we serve.

Sincerely,
Colonel Frank Milstead, Director
Arizona Department of Public Safety
About the Arizona Department of Public Safety

In 1968, the Arizona legislature created the Arizona Department of Public Safety (AZDPS). The agency became operational by the executive order of Gov. Jack Williams on July 1, 1969. Gov. Williams’ mandate consolidated the functions and responsibilities of the Arizona Highway Patrol, the Enforcement Division of the State Liquor Department and the Narcotics Division of the State Department of Law into one agency.

Since its inception, the AZDPS has been given many additional responsibilities and has evolved into a renowned, multi-faceted organization dedicated to providing state-level law enforcement services to the public, while developing and maintaining close partnerships with other local, county, tribal, state and federal agencies.
EXECUTIVE STAFF

Office of the Director

Colonel Frank Milstead
Director

Lt. Colonel Wayde Webb
Assistant Director

Lt. Colonel Ken Hunter
Assistant Director

Agency Support Division

Criminal Investigations Division

Lt. Colonel Heston Silbert
Deputy Director

Lt. Colonel Daniel Lugo
Assistant Director

Lt. Colonel Tim Chung
Assistant Director

Highway Patrol Division

Technical Services Division
The Arizona Department of Public Safety is divided into four organizational divisions and the Office of the Director. Each division, along with the Office of the Director, has its own unique set of responsibilities in support of the agency’s mission. Each division is led by an assistant director that, with members of the Office of the Director, comprise the Department’s Executive Staff.

**Office of the Director**
Under the oversight of the Director, the Office of the Director establishes the objectives and structure of the agency and, through the Deputy Director, directs its day-to-day operations. The Office of the Director oversees governmental relations, legal affairs, public affairs, internal affairs, inspections, executive security and the budget office. In addition, the Office of the Director provides support to the Governor’s Office of Highway Safety, the Arizona Peace Officer Standards and Training Board and the Law Enforcement Merit System Council.

**Agency Support Division**
The Agency Support Division (ASD) works to provide vital support to the State of Arizona and its citizens by providing services for other governmental agencies and supporting the divisions of the Department. ASD houses several key functions such as aviation services, human resources, training, research and planning, department records, fleet services, financial services, facilities, procurement and logistics.

**Criminal Investigations Division**
The Criminal Investigations Division (CID) protects human life and property by enforcing state laws relating to narcotic trafficking, organized crime, vehicle theft, gangs, computer and financial crimes, fugitive apprehension and human trafficking. CID provides vital support to Arizona and its citizens by conducting criminal and administrative investigations for other agencies, hosting and participating in regional taskforces and operating the Arizona Counter Terrorism Information Center.
Highway Patrol Division
The Highway Patrol Division (HPD) is the largest division in the agency and is comprised of troopers assigned throughout the state who fulfill the Department’s mission of protecting human life and property by enforcing state laws on Arizona’s highways. HPD combines enforcement, training and public outreach to improve highway safety while striving to reduce collisions and increase the efficiency of the highway transportation system. Additionally, HPD enforces commercial motor vehicle laws and certifies school bus drivers and tow trucks.

Technical Services Division
The Technical Services Division (TSD) protects human life and property by enforcing laws related to the regulation of security guards, private investigators, scrap metal dealers, sex offenders and job applicants for specific occupations that require statutorily mandated background checks and fingerprint clearance cards. TSD houses four regional crime laboratories that provide scientific analysis of evidence, technical crime scene assistance, secure storage of evidentiary items, training and expert testimony to criminal justice agencies in the state. Additionally, TSD houses three regionally-based operational communications centers throughout the state that provide statewide radio dispatch services to troopers, emergency medical services and other law enforcement dispatch centers.
DEPARTMENT STATEMENTS

Mission
To protect human life and property by enforcing state laws, deterring criminal activity and providing vital support to the State of Arizona and its citizens.

Vision
To be the national model in providing customer-oriented state-level law enforcement services.

Motto
“Courteous Vigilance” is the Arizona Department of Public Safety’s motto and guiding principle, which reflects the pride of the Department. We provide quality, reliable and respectful service to the citizens of Arizona while being vigilant in the enforcement of the laws of the state.
Values

The following are our seven core values supporting the tradition of “Courteous Vigilance” and are reflected in the acronym, “JUSTICE”, which represents the seven points of the Department’s badge.

**Justice:** We embrace the qualities of fairness, equality and quickness in protecting the rights of the people we serve.

**Undaunted Commitment:** We demonstrate moral and physical courage, vigilance and diligence in duty performance.

**Service:** We deliver exceptional service assistance through teamwork and cooperation.

**Trust:** We strive to earn and keep the confidence of the people we serve through truthfulness, communication and reliability.

**Integrity:** We are honest, factual and accountable while being an example of excellence on and off duty.

**Courtesy:** We are respectful and polite to everyone.

**Empathy:** We are compassionate and respectful in all that we do.
The Arizona Department of Public Safety’s budget for FY2018 was $364,340,500. This amount consists of $284,262,900 in appropriated state funding, $41,990,800 in federal funding and $38,086,800 in non-appropriated funding. This funding has provided for 1,154 troopers, 32 cadet troopers, and 786 professional staff employees.
“To protect human life and property by enforcing state laws, deterring criminal activity and providing vital support to the State of Arizona and its citizens.”

Through the work of the Highway Patrol Division (HPD) and select bureaus within the Criminal Investigations Division (CID), AZDPS is able to fulfill the Department’s mission of protecting human life and property by enforcing state laws. This is accomplished through patrolling of state highways and decreasing collisions and fatalities by issuing warnings, repair orders, citations and conducting arrests on motorists who have violated criminal state statutes. Priority is placed on identifying and arresting impaired drivers and other erratic drivers that increase the risk of causing a collision in addition to enforcing occupant restraint laws and criminal interdiction.

Troopers patrol over 6,800 linear miles, which totals 27,000 highway miles. Below is a map representing the district boundaries of Highway Patrol.
**ENFORCEMENT**

**Total Traffic Stops**

510,194

+2.72% Increase from FY2017

**Total Citations**

281,016

+0.63% Increase from FY2017

**Total Arrests**

16,495

+15.21% Increase from FY2017
Commercial Motor Vehicles (CMV) are present on every highway in Arizona. Special patrol and enforcement of commercial vehicles prove beneficial for CMV drivers and the drivers around them. The two Commercial Vehicle Enforcement districts, north and south, contain specially trained troopers who are responsible for enforcing laws and regulations governing the safety operations of motor carriers, shippers and vehicles transporting hazardous materials.

Troopers within the Commercial Vehicle Enforcement districts are also specially trained to inspect school buses to ensure the safety of children.

Trooper Aaron Azbill won the Arizona Inspector Championship, which gave him the distinguished opportunity to represent the State of Arizona at the North American Inspector Championship. At that event, he placed first in the North American Standard (NAS) Level I Inspection and third place in the NAS Hazardous Materials/Dangerous Goods and Cargo Tank/Bulk Packaging Inspection.
To help protect human life, troopers have the important responsibility when patrolling state highways to respond to, investigate and create detailed reports of collisions that occur. These collisions range from a non-injury, two-vehicle minor collision to a multi-fatality, multi-vehicle pileup. Troopers have the responsibility to conduct a complete and thorough collision investigation with the goal of reopening blocked travel lanes as soon as possible.

The three main causes of collisions:

- **Speed**
- **Unsafe Lane Change**
- **Distracted Driving**

“To protect human life and property by enforcing state laws, deterring criminal activity and providing vital support to the State of Arizona and its citizens.”

The Criminal Investigations Division plays a significant role in not only enforcing state laws, but deterring and investigating criminal activity.
The Border Strike Force (BSF) Bureau targets border crimes and provides a comprehensive collaborative approach to help secure Arizona’s border and thwart transnational criminal organizations. The BSF operations focus on roving criminal interdiction patrol details, intelligence-led remote area operations, outbound details and deterrent saturation patrols to identify, deter, disrupt and dismantle criminal organizations. Two vital districts within Border Strike Force are the Canine District and the Vehicle Theft Task Force.

The Canine District is a criminal interdiction unit whose mission is to detect and apprehend criminal offenders and drug traffickers. The Canine District is comprised of five squads containing a total of 28 canines. During FY2018, the Canine District was responsible for 328 self-initiated criminal interdiction cases resulting in the seizure of illegal drugs, weapons, currency and other fraudulent activities.

The Vehicle Theft Task Force is a criminal interdiction unit whose mission is to identify, apprehend and prosecute individuals and criminal organizations that profit from the theft of motor vehicles and related crimes associated with motor vehicle theft.

One of the main objectives of the Gang and Immigration Intelligence Enforcement Mission (GIITEM) is to deter criminal gang activity through the enforcement of state laws. The task force also aims to deter criminal gang activity through investigations, arrest and prosecution, the dismantling of gang-related criminal enterprises, the deterrence of border-related crimes, and the disruption and dismantling of human smuggling organizations. GIITEM has three districts in Arizona: northern, central and southern.
The mission of the Major Offender District (MOD) is to proactively target and investigate those persons who have demonstrated prolific violent criminal tendencies and blatant disregard for the law as a group or as individuals. MOD uses conventional, covert and technological practices to investigate these groups and individuals considered a threat to the community and domestic security. The vast majority of the individuals investigated commit crime with others in an organized fashion and have a reputation for violence and adversely impacting the quality of life in our communities. The majority of investigations conducted by MOD are focused on targeting career criminals involved with drug and weapons trafficking to combat the associated violent crimes committed by these individuals.

The Arizona Counter Terrorism Information Center (ACTIC), is a joint effort between the AZDPS, the Arizona Department of Homeland Security, the Federal Bureau of Investigation and other participating agencies to form a collective intelligence service. The Center operates 24/7 to provide intelligence, investigative and technical support to local, tribal, state and federal law enforcement agencies, as well as other agencies, critical to Arizona and the country’s homeland security.

The Aviation Unit provides a statewide air rescue response capability and a regional air transport service that greatly benefits the public, AZDPS and other public safety agencies. To accomplish its mission, Aviation operates and maintains a fleet of five helicopters and nine fixed-wing aircraft. The unit’s fixed-wing aircraft are used to transport public safety personnel and equipment across the state and region; the helicopters are utilized for many different missions.

The Special Weapons and Tactics (SWAT) team is equipped and trained for response to barricaded suspects, hostage situations, high-risk search warrants and clandestine lab entries. SWAT also provides specialized training to other criminal justice agencies regarding tactics and specialized skills.

The Explosive Ordnance Disposal (EOD) Unit, or bomb squad, is a highly specialized unit within the Investigations Bureau. EOD responds statewide and is the primary unit responsible for handling explosive-related incidents for most law enforcement agencies in the state.

On December 7, 2017, the Arizona Department of Public Safety’s SWAT team made Raiden Aguilera’s wish of being a SWAT Operator come true through a special Make-A-Wish experience.

The Scientific Analysis Bureau provides a wide variety of critical services to law enforcement agencies throughout the state with laboratories in Tucson, Phoenix, Flagstaff and Lake Havasu City. Services include the scientific analysis of evidence, technical crime scene assistance, secure storage of evidentiary items, training and expert testimony.

The Information Technology Bureau (ITB) supports the technology needs of the Department, as well as other law enforcement agencies statewide. Within the Department, ITB designs, develops, maintains and operates automated computer systems to support the enforcement, investigative and administrative functions.
The Operational Communications (OpComm) Bureau is the vital link between the public, troopers and other law enforcement personnel across the state, operating 24 hours a day, 365 days a year from communication centers in Phoenix, Flagstaff and Tucson.
